PAIR OF LOW INSET LEG TABLES

$7,280

c. 1850 • Shanxi, China • Northern Elmwood • Collection #BJFF086

W: 41.75″ D: 30.5″ H: 20.75″

This pair of low tables would have once flanked a platform bed in the intimate living space of a traditional Qing-dynasty home. Perfectly proportioned, they are quintessential examples of Chinese furniture-making. The inset, rounded legs, simple stretchers, and subtly decorated spandrels are all fundamentals of Ming-inspired furniture. It is extraordinary that this pair of tables has remained together over the last 150 years.
