DOUBLE COIN GARDEN TABLE

\$1,880

Jiangxi, China • Ceramic • Collection #BJEE001

H: 19.0" Dia: 26.0"

This unusually proportioned ceramic table from China's Jiangxi province is a modern interpretation of the classic drum-form garden stool. Cloaked in a pristine, monochrome white glaze, the wide stool is decorated with bands of imitation nails, fu dog handles, and a prominent double-coin motif, an ancient symbol of good fortune and prosperity. Traditional fixtures of the Qing-dynasty garden, drum stools such as this are perfect place to play a game of go or rest your teacup.
