CAST IRON TEA POT

\$480

c. 1900 • Northern China, China • Cast Iron • Collection #CAJ001E W: 8.5" D: 6.25" H: 10.0"

This sculptural iron teapot was cast in Northern China during the early 20th century. Before tea became a popular drink, it was used medicinally to prevent many different diseases. A 16th-century Chinese medical book describes tea as a remedy for tumors, bladder complaints, and inflammation of the chest.
