CHEST WITH MARBLE PANELED DOORS

\$5,080

c. 1750 • Shanxi, China • Marble, Northern Elmwood • Collection #GDE003

W: 36.25" D: 19.0" H: 27.25"

Over two centuries ago, this handsome chest was handcrafted in China's Shanxi province out of the highest quality materials. The white marble door panels contrast beautifully with the rich patina of the brass hardware and the polished elmwood frame. The chest is a modest size but is solidly constructed with a striking presence.
