TALL BACK BAMBOO ARMCHAIR

\$1,180

Late 20th Century • Southern China, China • Bamboo, Rattan • Collection #CMCL070

W: 24.0" D: 23.0" H: 37.5"

This tall-back bamboo armchair is designed after the traditional 'southern official's hat chair,' defined by high rectangular backs, shortened arm railings, and no protruding crest rail. The chair is crafted of bamboo that has been carefully steamed and bent into curving forms and bound with thin strips of leather. The back and sides are patterned with short lengths of bamboo arranged in a lattice-like geometric design. A woven rattan seat adds comfort and enhances the chair's rustic style.

Deaccessioned from the MacLean Collection of Asian Art.
