The quiet elegance of this small cabinet is thanks to its clean lines and balanced proportions. Dated to the late 19th century, this cabinet is designed to resemble the classic upright noodle cabinet, with a slight overhang, rounded edges, and two elongated doors. The cabinet is crafted of northern elm (yumu) and cloaked in a beautiful dark lacquer finish with warm undertones. Originally used to store books, scrolls, and other scholarly items, the cabinet fits beautifully into the modern home as a side table or nightstand.
