MINIATURE STONE DRUM TABLE

\$1,380

c. 1900 • Shanxi, China • Limestone, Steel • Collection #BJH011

W: 6.25" D: 6.25" H: 20.25"

The stone top of this petite side table dates to the early 20th century and is carved of solid limestone into the form of a small hand-held drum. Bands of circles along the top and bottom imitate the bosshead nails used to stretch hide on an actual drum and faux-handles and fu dog faces decorate the sides. Placed atop a matte steel pedestal base, this storied limestone drum lives on as a modern side table, the perfect place for a wine glass or cup of coffee.
