STONE TOP SCROLL TABLE

\$3,280

c. 1900 • Gansu, China • Stone, Pine, Lacquer • Collection #TLA060

W: 43.25" D: 27.5" H: 16.75"

This low table has an elegant, scroll-form design, the top flowing into the solid sides in one continuous ribbon. The table's mortise-and-tenon joinery is concealed by a black lacquer finish, gently worn at the edges from a century of use. At some point in the table's long life, the top surface was replaced with a stone slab top, supported by stabilizing bars on the underside. Ideal as a coffee table or center table, we love this table for its bold contours and minimalist form.
