### **WALNUT HANDSCROLL TABLE**

#### \$4,680

c. 1900 • Shandong, China • Walnut • Collection #TLA053 W: 81.5" D: 20.0" H: 33.5"

Dated to the early 20th century, this long table has a minimalist appeal, with clean lines and a dark brown finish. The walnut table exemplifies classic Chinese furniture design and features an expansive floating-panel top, squared legs, and subtle humpback stretchers. The perfect size for viewing a painted scroll, this rectangular table may have once stood in a Qing-dynasty scholars' studio, placed beside a porcelain vessel filled with handscrolls.
