EIGHT CORNER STONE DRUM

\$3,680

Hebei, China • Limestone • Collection #BJFF167B

H: 19.0" Dia: 16.5"

Hand-carved from a block of limestone, this carefully crafted eight-sided stool emulates the look of a drum. A pattern of boss-head nails around the top and bottom imitates those used to stretch a skin on an actual drum. Targeted polishing enhances this illusion while giving the stool its texture and faceted form.
