This fantastic French wrought iron foyer rack or hall tree dates to the Art Deco period of the 1920-30s. The coat rack is wonderfully decorated with a hammered and crimped texture, with panels of finely sculpted roses atop spiral scrollwork. The rack features ample storage options, with an overhead shelf, four coat hooks, two umbrella holders, and a small marble-top shelf at waist height. A large rectangular mirror provides a place to primp, illuminated by a small frosted glass light molded with a pattern of roses and leaves.
