CHARRED HEARTWOOD BOWL

\$480

Beijing, China • Wood • Collection #TLB033

H: 6.5" Dia: 9.5"

This wooden bowl was turned from a solid block of heartwood, the dense, innermost portion of a tree. The vessel has a rounded body, shaped with a tapered base, shallow interior and slightly flared lip. The bowl has been stained dark for a matte black finish. Sculpted to preserve any burls, knots, and other irregularities in the wood, the bowl has an organic modern form that blends effortlessly into any interior.
