## JADE RICE BOWL

**\$380**

China • Jade, Agate • Collection #CFC634

H: 2.25" Dia: 7.0"

This jade stone dish is modeled after the delicate forms of footed porcelain rice bowls. Marked by darker currents of moss agate and serpentine, the jade stone was selected for its irregular, organic patterning and vibrant palette of pale chartreuse, muted sage, and matcha green. Carved from a solid block of stone, the bowl is sculpted with thin, flared sides that taper to a narrowed base, a harmonious pairing of nature's beauty and mankind's craftsmanship.
