ROBIN'S EGG JAR

\$280

2015 • Zhejiang, China • Porcelain • Collection #BJEE080

H: 10.75" Dia: 9.0"

Chinese porcelain was singular; the colors were beautiful and bright. Gifted ceramicists made designs that were durable and useful, and the craze to collect them spread across the world in the 1700s. This beautiful jar is a more modern example of an ancient form used to store salt and other daily necessities. The cheerful robin's egg blue glaze was applied by hand providing a depth of color. We love arranging groups of varying sizes and shapes in this color to add layers of interest to any space.
