## **SQUARE CORNER LOCKING CABINET**

Perfecting line and proportion, the simple design of this low locking chest celebrates the restraint of classic Chinese furniture forms. Crafted from reclaimed elmwood, the cabinet is modeled after those used for general storage in a Qingdynasty home. The cabinet is minimally decorated save for its rich, black finish and the soft glimmer of its brass daggerpost lock. We love this chest placed bedside or next to a sofa, filled with a collection of contemporary art books or antique tomes.
