## LOW LIMESTONE PEDESTAL

**\$1,480**

c. 1850 • Shanxi, China • Limestone • Collection #Z127A

W: 14.75" D: 14.25" H: 3.75"

Carved in northern China, this 19th-century low limestone pedestal may have once been a column base or an architectural element. Its simple form and broad surface - textured with rhythmic etchings - make the pedestal an ideal display stand or garden ornament.
