OXBLOOD GLAZED JAR WITH LID

\$480

Jiangxi, China • Materials, Porcelain • Collection #BJDD024

H: 15.5" Dia: 15.25"

This elegantly shaped lidded jar is glazed in a distinctively deep red hue, called "sang de boeuf" or "oxblood" by European collectors. The techniques used to achieve this pure color have their roots in the Song Dynasty (960-1279), which is when artisans began to develop the art of monochrome glazes.
