PAIR OF TAPERED FOUR LEG STOOLS

\$2,980

c. 1850 • Shanxi, China • Northern Elmwood • Collection #BJFF110

W: 17.0" D: 15.25" H: 19.75"

More portable than chairs, stools were a versatile seating option for scholars, business people, and peasants alike. The tapered stance on this pair of stools from Shanxi province shows us how masterfully 19th century carpenters married form and function. Straightforward and sturdy with deliberate workmanship, the northern elmwood has developed a deep rich character over time.
