## PAGODA RED

## **PEONY MEDITATION STONE**

## \$880

Henan, China • Stone • Collection #MD5021 W: 24.5" D: 7.75" H: 4.0"

Native to China's Henan province, this amazing stone looks as if it were sprinkled with a flurry of peony blossoms, the result of flower-like aggregates of lighter-colored feldspar incorporated into the stone's dark, fine-grained ground. Polished silky smooth, this marvel of geology makes a sublime sculpture indoors or out.
