This contemporary console table is a celebration of wabi-sabi style. Crafted of wood reclaimed from Qing-dynasty architecture, the table has a minimalist waterfall design with dovetailed corners that recreate traditional joinery methods and add intrigue to the clean-lined form. The large table was darkened to signature medium brown TOBACCO finish to add warmth and color while preserving the natural beauty of its materials. Ideal in a hallway or entry, this console captivates with beautiful color and incredible texture.
