

STUDDED LIMESTONE DRUM

\$2,880

Shanxi, China • Limestone • Collection #TLB119D

H: 17.75" Dia: 9.5"

This slender stone drum stool was carved from a solid block of limestone with simple form and minimal decoration. The top and bottom are ringed with raised studs, a design meant to imitate the iron rivets that fasten stretched hide across a drum head. Traditionally used as a place to rest one's feet, stone drums are ideal as side tables or garden seating.
