## PROVINCIAL WATER BUCKET

**\$380**

c. 1900 • Northern China, China • Pine • Collection #BJD058F

H: 9.0" Dia: 12.25"

This vintage water bucket has a beautiful patina that can only be achieved with time - a look that contemporary designers often attempt to recreate. The beauty of this water bucket comes from its utilitarian simplicity. Even after years of use the iron frame and wood are in excellent condition, the simple form decorated only by its aged finish.
