

## WHITE MARBLE DRUM STOOL

**\$8,180**

c. 1800 • Northern China, China • Marble • Collection #BJD043C

H: 22.0" Dia: 14.0"

Carved from a single block of white marble, this early 19th-century garden stool has a traditional drum-form shape. Ringing both its top and bottom, a pattern of boss-head nails imitates those used to stretch a skin on an actual drum. The stool wears its age proudly, textured with gradual wear and traces of its original painted finish. Traditionally used as a place to rest one's feet, a stool like this is perfect as a garden seat or a small side table.
