## "PROTECTOR ONE" FOLK ART CROW SCULPTURE

**\$780**

United States • Paint, Wood • Collection #CAN055

W: 22.5" D: 12.0" H: 10.25"

Richly textured with whimsical appeal, this late 20th century wooden crow is a delightful example of naive American sculpture. Poised mid-caw, the crow's wings are outstretched, ready to burst into flight. As though life materialized from a pile of scrap wood and metal, the crow has a palpable vitality and defiant exuberance.
