WOVEN OFFERING PLATE

\$288

c. 1900 • Beijing, China • Reed • Collection #BJFF078

H: 2.75" Dia: 9.75"

Tightly woven of natural reeds, this neat basket likely contained offerings of food, money and fruits presented as part of ritual ancestor worship on a family altar. Over the course of the past century, the original deep brown has worn just where you would expect, developing fantastic character that only comes with authentic, time-honored use. Today it elevates fruit in the kitchen or provides a storied home for sundry objects.
